Empowering Education Since 1991

A word to you

PRIYANKA'S VIDYODAYA 'THE TEMPLE OF EDUCATION' IN THE YEAR 1991 MADE A MODEST BEGINNING WITH 21 STUDENTS. THAT WAS THE ORIGIN OF A SCHOOL WITH A SINGLE ROOM, A GROUP OF ENTHUSIASTS PUT FORTH THEIR RELENTLESS EFFORTS WITH DEDICATION OVER A DECADE FOR THE CAUSE OF LITERACY. HARD WORK NEVER GOES UNNOTICED THEIR ENDEAVORS HAVE BEEN RECOGNIZED BY VIZAGITES, WITHOUT WHOSE SUPPORT AND IMMENSE CONFIDENCE OIN US, THE PRESENT STATUS OF A TOP CLASS SCHOOL WITH THOUSANDS OF STUDENTS WOULD HAVE NEVER BEEN A REALITY . LOCATED IN THE HEART OF THE CITY NEAR NEELAMMA VEPACHETTU IN A SERENE AMBIENCE, THE SCHOOL HOUSES CLASSES FROM NURSERY TO 10th STD., EXCLUSIVELY IN ENGLISH MEDIUM. IT IS THE MOST MODERN BUILDING WITH ALL AMENITIES AND INFRASTRUCTURE NECESSARY FOR A SCHOOL OF THE HIGHEST RANK. YET THE FEE STRUCTURE IS VERY MODERATE AND WITHIN THE REACH OF THE PLEBEIANS. THE MOTO BEING , "EDUCATION OUGHT TO TEACH NOT ONLY HOW TO MAKE A LIVING BUT ALSO TEACHING ONE HOW TO LIVE" OUR TARGET IS GIFTING THE SOCIETY WITH BETTER INDIVIDUALS, WITH ALL HUMBLENESS WE DARE TO DECLARE THAT WE HAVE BEEN SUCCESSFUL IN ACHIEVING THIS LAUDABLE AMBITION. MANY OF OUR ALUMNI WHO ARE WELL PLACED IN MEDICAL AND ENGINEERING COLLEGES VOUGH FOR THIS. WE DEEPLY FEEL THE NEED OF RECIPROCATING TO THE PARENTS WHO HAVE CONFIDED OIN US AND ENABLED US TO BRING THE SCHOOL TO ITS PRESENT STATURE.

THIS INSPIRED US TO COME UP WITH AN EXCLUSIVE IIT ORIENTED FOUNDATION COURSE RIGHT FROM THE 8TH STD. THESE ASPIRANTS WILL HAVE SEPARATE CLASSES AND ALSO SEPARATE SYLLABUS IN TOTAL VARIATION WITH WHAT IS GENERALLY TAUGHT IN OTHER SCHOOLS. BESIDES WE HAVE NO DOUBT WHAT-SO-EVER THAT THIS DREAM PROJECT WOULD ALSO BE AN INCREDIBLE SUCCESS AS WE HAVE COME OUT WITH A CONCRETE AND FOOL PROOF PLAN IN EXECUTING THIS VERY SPECIAL ENDEAVOUR.

Very truly yours
Principal

SHARPENING
Young Minds towards a
BRIGHT FUTURE

Education with Devotion

Ideal

A school is like a fountain; some students come to drink, some to sip and some to gargle. But our goal is to see that every one who enters the threshold of VIDYODAYA 'the fountain' will drink to one's heart's content quenching the thirst, to dispel the ignorance by instilling confidence in pursuing knowledge. The school's attitude is enshrined in its motto, " Believe in the best and the best will come back to you". So we have authored a well-planned curriculum right from nursery to 10th std.

Experience with Expertise

Our Teachers

To fix the ken indelibly in the minds of students we have started Smartclass - A digital initiative of Educomp, which is rapidly transforming the way teachers teach and students learn in schools with innovative and meaningful use of technology. Powered by the world's largest repository of digital content mapped to PVHS Curriculum, smartclass brings in technology right next to the blackboard for teachers in the classrooms. Students learn difficult and abstract concepts watching highly engaging visuals and animations. This makes learning an enjoyable experience for students while improving their overall academic performance in school. (www.smartclassonline.com)

GROOMING LEADERS OF ALL GENERATIONS

Giving Shapes to Ideas Our Ultra Facilities

Profuse demonstration of all important topics in science creates profound interest in the students and leaves indelible impression on their minds. Thus PVHS strives best to make difficult make topics easy by providing practical demonstration in all the science streams (Physics, Chemistry & Biology) to the students.

Learning by Experience

The Intelligence Quotient

Computer learning at PVHS starts right from 1st std., where the tiny tots get the exposure to the technology through play. This lab offers learning aid by sound and graphics. The Lab has 35 Multimedia PC with all required software packages.

A Computer terminal is not some clunky old television with a typewriter in front of it. It is an interface where the mind and body can connect with the universe and move bits about it."

PVHS believes in providing the best possible opportunities to its students as well as faculty to ensure consistent eminence.

The IT infrastructure includes a computer laboratory, equipped with advanced technology

Our Library

Any institution can truly be judged by the kind of books it has and the kind of library it maintains. Keeping in view the needs and interest levels of the students, the school has a separate library. It is well equipped with the latest encyclopedia, reference books, and extensive reading material in different fields of studies. It is well ventilated with ample natural light.

Students are motivated to participate and are also specially trained in these areas. Our children have so far won several laurels in various competitions held at different levels.

The School Library is open to all bonafide students of the school. All classes are provided with at least one library period a week.

We believe that "People who read are the people who Lead"

Moulding Leaders

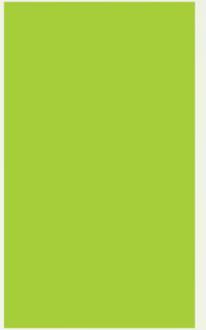

The Social Quotient

Our Variety
of Sports

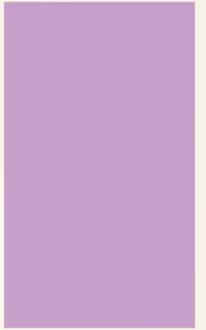

Only a healthy body can have a healthy mind. Every student is exhorted to involve himself in sports and games within the infrastructure of the school. Competitions are periodically held. Annual sports day, cricket matches among the students, and the Principal's XI vs. students XI are the highlights of our commitment to this activity. Spacious grounds are acquired on lease basis to facilitate the students to have better leverage to this.

Arts & Cultural Activity

We believe that appreciation of Arts helps the refinement of a person. So we expose each child to the influence of Art, Music, Dance, Craft, Drawing & Painting etc...

Life is incomplete if it is confined only to books, classrooms, labs and libraries. A true individual is much beyond all this. So to explore and enhance the multi-faceted personality of our students we lay emphasis on training them in yoga, dance and music: an essential feed to the mind and the soul. To pep up the spirits, the students are encouraged to take active participation in any or all of these fields. Pioneers in these professions who can dispense with their talents to perfection to uphold our culture and heritage handle these classes.

Great Voyages Start Here Our Transport

We offer the most economical and safe transport to students as well as the staff. School buses ply to every nook and corner of the city and reach the school in time at unbelievable tariff.

Success of a Dream-What Experts Say....

We thoroughly enjoyed our interaction with the students and were impressed with their mature questions. We wish the best for all the students, teachers and all others involved in running the School.

An Unparalleled Experience of Our Achievements

Vidyodaya has been credited with these achievements over the past few years.
